“ Known to me as my oldest friend Eden's Momma, I had occasion to spend time with her when she visited Canada, and one memorable time when I went with Eden to visit her family in Louisiana. What fun we had around the crawfish boil! She loved to have the family gather in her small house that always had room for more! She loved her garden. I always admired that she learned to be a nurse later in life, not an easy thing, and she did good works, big and small, making things better for people her whole life. She was great at keeping in touch too, with regular phone calls, letters, sharing of photographs, and making and keeping memories, such important skills! You filled a big space, Evelyn, and left the world a better place. I know your sisters, children, grandchildren and great grandchildren, extended family and good friends will all miss you greatly. Thank you for giving me Eden. Love to the family, you all inherited great values. Deborah
