“ *So many memories with Sue Sue, she was a great babysitter, I remember being sad when she left to be with her husband, Randolph when he was serving our country, I remember being so happy when she returned. I remember a gold bubble dress she had, I believe she made it, I thought it looked like a princess dress. I can still hear her infectious laugh. So much more...until we meet again Sue, rest in painless peace in the arms of the angels. Always loved you, Always will.. Sending prayers for Dena and Lonnie and their families for God's peace and understanding.*
